

# State, Christina collaborate on future of Delaware Autism Program

The Delaware Department of Education, the Office of Management and Budget, the Office of the Controller General, and Christina School District have been working together to best support students with autism and their families through the Delaware Autism Program.

The Delaware Autism Program will continue to be administered by the Christina School District. Please see the [attached letter](#) to legislative leadership that outlines the agreement between the four agencies.

Secretary Bunting, Superintendent Gregg, Director Jackson and Controller General Morton and their teams are united in the work they are doing and appreciate the passion behind ensuring the success of the Delaware Autism Program.
